Appendix A – The Practice will share patient information with these organisations where there is a legal basis to do so.

We keep our Privacy Notice under regular review. This notice was last reviewed on 01.06.2026.

Activity	Rationale
<p>Commissioning and contractual purposes Planning Quality and Performance</p>	<p>Purpose – Anonymous data is used by the Integrated Care Board (ICB) for planning, performance and commissioning purposes, as directed in the practice’s contract, to provide services as a public authority.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’ <p>Patients may opt out of having their personal confidential data used for planning or research. Please contact your surgery to apply a Type 1 Opt out or logon to https://www.nhs.uk/your-nhs-data-matters/manage-your-choice/ to apply a National Data Opt Out</p> <p>Processor – Thames Valley Integrated Care Board (ICB) / NHS England where applicable</p>
<p>Summary Care Record Including additional information</p>	<p>Purpose –The NHS in England uses a national electronic record called the Summary Care Record (SCR) to support patient care. It contains key information from your GP record. Your SCR provides authorised healthcare staff with faster, secure access to essential information about you in an emergency or when you need unplanned care, where such information would otherwise be unavailable.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’ <p>Patients have the right to opt out of having their information shared with the SCR by completion of the form which can be downloaded here and returned to the practice.</p> <p>Please note that opting out of having your information shared with the Summary Care Record could result in a delay to care that may be required in an emergency.</p> <p>Processor – NHS England</p>
<p>Research</p>	<p>Purpose – We may share anonymous or pseudonymised patient information with research companies for the purpose of exploring</p>

Woosehill Medical Centre

Fernlea Drive, Woosehill, Wokingham, RG41 3DR

	<p>new ways of providing healthcare and treatment for patients with certain conditions. This data will not be used for any other purpose.</p> <p>Where personal confidential data is shared your consent will be required.</p> <p>Where you have opted out of having your information shared for this planning or research your information will not be shared.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> Articles 6(1)(a) and 9(1)(a) – explicit consent; or Article 6(1)(c) (where we are <i>legally obligated</i> to share your personal data) for your standard personal data and Article 9(2)(j) (scientific research) for your health data. <p>Where identifiable data is required for research, patient consent will be needed, unless there is a legitimate reason under law to do so or there is support under the Health Service (Control of Patient Information Regulations) 2002 ('section 251 support') applying via the Confidentiality Advisory Group in England and Wales.</p> <p>Sharing of aggregated non identifiable data is permitted.</p> <p>Processor – NHS Digital, South Central NIHR RDN</p>
Individual Funding Requests	<p>Purpose – We may need to process your personal information where we are required to fund specific treatment for you for a particular condition that is not already covered in our standard NHS contract.</p> <p>The clinical professional who first identifies that you may need the treatment will explain to you the information that is needed to be collected and processed to assess your needs and commission your care; they will gain your explicit consent to share this. You have the right to withdraw your consent at any time, but this may affect the decision to provide individual funding.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’ <p>Processor – Thames Valley Integrated Care Board (ICB) / NHS England where applicable</p>
Safeguarding Adults	<p>Purpose – We will share personal confidential information with the safeguarding team where there is a need to assess and</p>

	<p>evaluate any safeguarding concerns and to protect the safety of individuals.</p> <p>Consent is not required to share information for this purpose.</p> <p>Legal Basis – Direct Care under UK GDPR:</p> <ul style="list-style-type: none"> • Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and • Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine <p>Data Processor – Wokingham Borough Council Adult Social Care</p>
Safeguarding Children	<p>Purpose – We will share children’s personal information where there is a need to assess and evaluate any safeguarding concerns and to protect the safety of children.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> • Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and • Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’ <p>Consent may not be required to share this information.</p> <p>Processor – Wokingham Borough Council Children’s Social Care</p>
Risk Stratification – Preventative Care	<p>Purpose - ‘Risk stratification for case finding’ is a process for identifying and managing patients who have or may be at risk of health conditions (such as diabetes) or who are most likely to need healthcare services (such as people with frailty). Risk stratification tools used in the NHS help determine a person’s risk of suffering a particular condition and enable us to focus on preventing ill health before it develops.</p> <p>Information about you is collected from a number of sources including NHS Trusts, GP Federations and your GP Practice. A risk score is then arrived at through an analysis of your de-identified information. This can help us identify and offer you additional services to improve your health.</p> <p>If you do not wish information about you to be included in any risk stratification programmes, please let us know. We can add a code to your records that will stop your information from being used for this purpose. Please be aware that this may limit the ability of healthcare professionals to identify if you have or are at risk of developing certain serious health conditions.</p> <p>Type of Data – Identifiable/Pseudonymised/Anonymised/Aggregate Data</p>

<p>Payments Invoice validation</p>	<p>Purpose - Contract holding GPs in the UK receive payments from their respective governments on a tiered basis. Most of the income is derived from baseline capitation payments made according to the number of patients registered with the practice on quarterly payment days. These amounts paid per patient per quarter varies according to the age, sex and other demographic details for each patient. There are also graduated payments made according to the practice's achievement of certain agreed national quality targets known as the Quality and Outcomes Framework (QOF), for instance the proportion of diabetic patients who have had an annual review. Practices can also receive payments for participating in agreed national or local enhanced services, for instance opening early in the morning or late at night or at the weekends.</p> <p>Practices can also receive payments for participating in agreed national or local enhanced services, for instance opening early in the morning or late at night or at the weekends. Practices can also receive payments for certain national initiatives such as immunisation programs and practices may also receive incomes relating to a variety of non-patient related elements such as premises. Finally, there are short term initiatives and projects that practices can take part in. Practices or GPs may also receive income for participating in the education of medical students, junior doctors and GPs themselves as well as research. In order to make patient-based payments basic and relevant necessary data about you needs to be sent to the various payment services. The release of this data is required by English laws.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> Article 6(1)(c) 'processing is necessary for compliance with a legal obligation to which the controller is subject'; and Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine'. <p>Processor – NHS England, ICB, Public Health</p>
<p>GP Clinical System Patient record database</p>	<p>Purpose – NHS GP surgery clinical systems are digital platforms, that manage patient info, allowing online access via the NHS App for appointments, prescriptions, and viewing records (allergies, medicines, results). These systems ensure data sharing between clinicians through GP Connect, improving care, with all practices mandated to provide online access to new record entries.</p>

<p>Shared Care Record</p>	<p>Purpose: The shared care record will assist in patient information being used for a number of care related services. These may include Population Health Management, Direct Care, and analytics to assist with planning services for the use of the local health population.</p> <p>Where data is used for secondary uses no personal identifiable data will be used.</p> <p>Where personal confidential data is used for research explicit consent will be required.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> • Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and • Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’ <p>Processor: NHS England</p>
<p>Local shared care record Thames Valley and Surrey Care Records (TVS)</p>	<p>Purpose: Health and Social care services are developing shared systems to share data efficiently and quickly. It is important for anyone treating you to be able to access your shared record so that they have all the information they need to care for you. This will be during your routine appointments and in urgent situations such as going to A&E, calling 111 or going to an Out of hours appointment. It is also quicker for staff to access a shared record than to try to contact other staff by phone or email.</p> <p>Only authorised staff can access the systems and the information they see is carefully checked so that it relates to their job. Systems do not share all your data, just data which services have agreed is necessary to include.</p> <p>Legal Basis –</p> <ul style="list-style-type: none"> • Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and • Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’ <p>Processor: Thames Valley and Surrey Care Records (TVS)</p>
<p>Anticoagulation Monitoring</p>	<p>Purpose: Personal Confidential data is shared with LumiraDX in order to provide an anticoagulation clinic to patients who are on anticoagulation medication. This will only affect patients who are within this criteria.</p> <p>Legal Basis –</p>

	<p>UK GDPR Article 9(2)(f) — processing is necessary for the establishment, exercise or defence of legal claims.</p> <p>Organisations we may share information with: Medical defence organisations, indemnity providers, legal advisers, NHS Resolution, NHS England, the Integrated Care Board, the Parliamentary and Health Service Ombudsman, or other relevant regulatory or complaints bodies where this is necessary.</p>
<p>Online Consultation / Total Triage (Accurx Patient Triage, Self-Book and Patient Initiated Follow-Up (PIFU))</p>	<p>Purpose - The practice uses Accurx Patient Triage to provide an online consultation service, also known locally as Total Triage. This allows patients to securely submit clinical or administrative requests online, including through the practice website or the NHS App. Patients may be asked to provide personal details, symptoms, contact information, and any relevant supporting information. They may also attach photos or documents where this helps the practice deal with their request. Requests submitted through Accurx are reviewed by practice staff and triaged so that patients can be directed to the most appropriate care, advice, appointment, or service. This may include a GP, nurse, pharmacist, other practice staff, community service, urgent care service, or another NHS service. The practice may also use Accurx to send patients booking links, questionnaires, messages, or follow up requests. This includes Self Book appointment links and Patient Initiated Follow Up, where this has been agreed as part of the patient’s care.</p> <p>Legal basis: UK GDPR Article 6(1)(e) — processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority. UK GDPR Article 9(2)(h) — processing is necessary for preventative or occupational medicine, medical diagnosis, provision of health or social care, or management of health or social care systems and services.</p> <p>Processor: Accurx Limited. Accurx Privacy Policy</p> <p>Additional note: Accurx processes information on behalf of the practice to support patient communication, online consultation, triage, appointment booking, questionnaires, and follow up. The practice remains responsible for reviewing and actioning patient requests.</p>
<p>Dictation, Transcription and AI Assisted Documentation</p>	<p>Purpose - The practice may use secure digital dictation, transcription, or AI assisted documentation tools to help clinicians and authorised administrative staff prepare clinical notes, referral letters, reports, and other documents needed for patient care.</p> <p>These systems may process information discussed during a consultation, dictated by a clinician, or included in clinical</p>
